

Program – Scientific Liver Meeting 2025

7th International Conference On Pediatric Liver Disease

20.-21.02.2025

University Transplant Center
Department of Pediatrics
Department of Visceral Transplantation
Department of Pediatric Surgery

Universitätsklinikum Hamburg-Eppendorf

In cooperation with

MetabERN

Welcome to Hamburg!

We are delighted to announce the 7th International Conference on Pediatric Liver Disease, in Hamburg on February 20-21, 2025!

Our goal remains to connect health care professionals engaged in pediatric hepatology, surgery, and transplantation in order to exchange insights into the latest diagnosis, treatment, and up to date research in pediatric liver disease. This year's symposium will focus on biliary atresia, Wilson's disease and liver transplantation. Interactive case discussions will contribute to an exciting program. We, again, closely cooperate with ERN Rare Liver, ERN Transplant Child, and MetabERN.

We are looking forward to seeing you in Hamburg.

The University Medical Center Hamburg-Eppendorf

Ania C. Muntau

Director of University Children's Hospital

Jun Oh

Head of Pediatric Transplantation

Lutz Fischer

Director of Visceral Transplantation

Uta Herden

Head of Pediatric Transplantation Surgery

Konrad Reinshagen

Director of Pediatric Surgery

Gwendolyn Gramer

Head of Pediatric Department for Inborn Metabolic Diseases

PROGRAM

THURSDAY, 20 FEBRUARY 2025

- 12.00 **Registration**
- 13.00 **WELCOME**
- 13.15 **KEYNOTE „The role of LTX in metabolic diseases“**
Carlo Dionisi Vici (Rome)
- 13.45 **Longterm outcome after LTX – Part 1**
- Post-LTX metabolism in MMA and other organic aciduria
Diego Martinelli (Rome)
 - Longterm outcome after LTX incl. quality of life
Martina Sterneck, Louisa Lund (Hamburg)
- 14.45 **Longterm outcome after LTX – Part 2**
- Longterm cancer risk under immunosuppression
Wilhelm Wößmann (Hamburg)
 - Transition in care: balancing between evidence and good care
Anneloes van Staa (Rotterdam)
- 15.45 Coffee Break | Industry Exhibition
- 16.15 **IPSEN Industry symposium**
Every baby deserves a genetic screening?
- 16.45 **Hepatobiliary surgery & interventions**
Intraoperative bile duct imaging
Ricardo Superina (Chicago)
- to be announced
- 18.00 **End of the day**
- 19.00 **Congress dinner**

FRIDAY, 21 FEBRUARY 2025

- 08.30 **WELCOME**
- 08.45 **KEYNOTE „Biliary atresia“**
Claus Petersen (Hanover)
- 09.15 **BARD Session on biliary atresia**
Podium discussion on when to go for transplantation
Ricardo Superina (Chicago),
Mark Davenport (London)
- 10.00 Coffee Break | Industry Exhibition
- 10.30 **The hepatologists' view on biliary atresia**
Henkjan Verkade (Groningen)
20 years national centralization of BA care
Mikko Pakarinen (Helsinki)
- 11.30 **MIRUM Industry symposium**
Unveiling the hidden signals: Biomarkers and symptoms in neonatal cholestasis
André Herning (Erlangen) & Thomas Kaiser (Münster)
- 12.30 Lunch Break | Industry Exhibition
- 13.15 **Wilson's disease**
New diagnostic tools and therapeutic innovation
Isabelle Mohr (Heidelberg)
Pediatric acute liver failure in Wilson's Disease
Piotr Socha (Warsaw)
- 14.15 **Hepatology & genetics**
Genetic markers and their prognostic significance in PFIC
Henkjan Verkade (Groningen)
- 14.45 **ERN activities and registries**
ERN Rare Liver, ERN Transplant Child, MetabERN
- 15.30 Farewell
